

Group F - Alexa, Deran, Ethan, Jieun

Date: December 05, 2025

Reach Autism Learning

#### Final Project customer notes

- Loves how we listened to feedback and implemented it
- Site feels more fun and less corporate
- Feels that the website is warmer and more personal
- Loves the drawn icons
- Very enthused about the site

#### Other teams feedback that could be useful

- Add facebook to bottom of page - footer
- Likes other teams resource pages
- Likes other teams sponsor links
- Maybe try not to link to other sites but always open in new tab
  - If in a new tab, people will just close the tab, always have external links in a new tab and internal links in the same tab.
- Make sure to follow any branding guidelines given to you by the clients (they could drop you from the project if you don't)

#### Client

- Thankful for all the groups and taking the time to create the website
- Really helped their website and they have taken some ideas with them
